Fairways to fight MS

We are thrilled to invite your esteemed company to join us in supporting a noble cause – Fairways to Fight MS: The STEM Charity Golf Day, which proudly supports MS Queensland.

Join us for a memorable golfing experience at one of Brisbane's finest Golf Courses. Nestled in the picturesque Taylor Range, Ashgrove Golf Course attracts golfers looking for a challenging round of golf amidst stunning scenery. We would be honoured to have your partnership make a significant life-changing difference for people with multiple sclerosis (MS).

With your invaluable support, our goal is to raise vital funds to ensure the services and care that MS Queensland provides can continue and to guarantee awareness, education, and research in pursuing a world free of MS.

By aligning your company with Fairways to Fight MS, you will exhibit your unwavering commitment to making a positive impact and gain valuable exposure to a diverse audience of golf enthusiasts, community leaders, and philanthropists in the STEM network. Together, we can drive positive change and ensure that no one living with MS is facing their challenges alone.

We are enthusiastic about the prospect of swinging for a cause with you and paving the way for a brighter, more inclusive future. Your participation would be a significant contribution, and we look forward to seeing you on the course.

Join us on the fairway at Ashgrove in the fight against MS.

MS Queensland

For over 65 years, MS Queensland has been providing high-quality vital care and support to Queenslanders living with Multiple Sclerosis (MS), other neurological conditions and high support needs.

The organisation aims to support people living with MS and other neurological conditions by providing support services, care, information and education while funding research for a cure.

With 1 to 2 people being diagnosed with MS every day, the need for vital services is growing, but MS Queensland faces limited funding for its extensive services. As a result, the organisation relies heavily on the support of dedicated individuals who can get involved and help raise much-needed funds to provide vital services across Queensland and support the search for a cure.

Your generous support helps fund services:

NeuroAssist helpline

The team is the first point of call for information and support, taking someone from feeling alone to connected.

NDIS access support

This program provides support to people living with MS to gain access to NDIS funding to receive the vital services and support they need.

Specialist MS Nursing

Supporting people living with MS and their families to help them understand their diagnosis and manage their pain and symptoms.

Powering Research

Leading life-changing MS research that can improve treatment options and find a cure so one day we can all live in a world free from MS.

Queensland
